Catalogo Generale

unicità

esperienza

professionalità

La nostra passione per le ristrutturazioni nasce da un'esigenza del mercato, ma soprattutto delle persone.

Siamo costruttori da generazioni e di storie ne abbiamo sentite tante. Abbiamo raccolto difficoltà, dubbi e lamentele dei nostri clienti, tutte le storie di come in passato non siano riusciti a trovare un'azienda che operi nel nostro campo con passione e competenza.

La competenza, lo sappiamo bene, si basa sull'esperienza.
La nostra esperienza trentennale e la nostra attenzione per il cliente ci hanno portato a formulare un'offerta assolutamente vincente.

Non ti proponiamo un lavoro di ristrutturazione, studiamo un progetto che sarà messo a punto attraverso una stretta collaborazione reciproca. Mettiamo la nostra competenza al servizio dei tuoi bisogni, ascoltiamo le tue esigenze funzionali e di design, le trasformiamo nel bagno che hai sempre sognato.

Non vogliamo annoiarti raccontandoti chi siamo, ma ci teniamo a spiegarti chi NON siamo.

✓ NON siamo quelli che "**siamo leader del settore**", ma il nostro settore lo conosciamo come le nostre tasche,
sappiamo cosa è meglio per te, quale tecnica scegliere, quale prodotto proporti

✓ NON siamo quelli che "**ti garantiamo il prezzo più basso sul mercato**", ma ti garantiamo un lavoro professionale, duraturo e realizzato con i migliori materiali in tutta sicurezza

✓ NON siamo quelli che "**VISTO IN TV**" perché per noi la miglior pubblicità è la tua soddisfazione e vogliamo che parli sempre bene di noi

BOX DOCCIA

Venere 2.1

Weiss–Stern
dimensione bagno

Profili alluminio
Cristallo trasparente e stampato 6 mm
Altezza 195 cm

Venere 2.1 è la soluzione più completa e flessibile della gamma box doccia Weiss-Stern. Le molteplici opzioni di chiusure consentono di realizzare il proprio ambiente doccia senza compromessi di spazio, funzionalità e stile.
Le configurazioni disponibili comprendono box doccia angolari circolari, quadri, rettangolari con lati premontati, porte scorrevoli singole e doppie, soluzioni a battenti, a soffietto e pareti fisse di abbinamento; completa la scelta il nuovo servizio su misura in vetro trasparente.
La linea è caratterizzata da profili in alluminio brillante e dal cristallo, temperato come previsto dalla legge, in 6 mm, altezza 195 cm; la finitura del vetro disponibile è trasparente oppure stampata.
Tutte le composizioni sono dotate di chiusura magnetica antiurto e di guarnizione aggiuntiva nel lato del cristallo fisso (doppia guarnizione a labbro).
Tutti modelli sono reversibili e regolabili nel profilo a muro di 2,5 cm. Le chiusure scorrevoli sono dotate di dispositivi di scorrimento a doppia ruota e con sistema di sgancio inferiore Easy Unfasten, regolabili e perfezionati in finitura cromata; le soluzioni battenti sono dotate di cerniera girevole.
E' previsto un profilo compensatore da 3 a 5 cm per gestire le situazioni di fuori squadro e permettere di adattare il modello ai muri preesistenti.

Maniglia.
Handle.

Profilo superiore con taglio a 45°.
Upper profile with 45° cut.

New Vertigo

Weiss–Stern
dimensione bagno

Profili alluminio
Cristallo trasparente e stampato 6 mm
Altezza 190 cm

L'ampia versatilità delle configurazioni installative rende New Fast la scelta per chi cerca un prodotto con un ottimo rapporto qualità-prezzo nella soluzione scorrevole.
I profili sono in alluminio brillantato, il cristallo temperato da 6 mm rispetta i criteri previsti dalla legge, ed è disponibile in finitura trasparente oppure stampata.
L'altezza di riferimento è di 190 cm e la regolazione a muro prevista è di 2 cm.
Tutti gli scorrevoli sono dotati di chiusura magnetica e di guarnizione aggiuntiva nel lato del cristallo fisso (doppia guarnizione a labbro); il kit di scorrimento abbinato è in doppia ruota, dotato di tasto per lo sgancio dell'anta. La maniglia in dotazione è in Abs cromato.
La serie è dotata di profilo di compensazione ad "H" che estende la regolazione del prodotto da 3 a 5 cm.

Crystal 2.1

Weiss–Stern
dimensione bagno

Profili alluminio
Cristallo trasparente 8 mm
Supporto acciaio inox
Altezza 200 cm
Trattamento anticalcare

Crystal 2.1 è l'idea di arredo per un bagno moderno che passa per il concetto di essenzialità. Il tratto caratteristico del modello è la quasi assenza di profili e la modularità delle sue soluzioni doccia. Il prodotto nasce come parete walk-in, dove la lastra di cristallo temperato da 8 mm incontra solamente il braccio di supporto a muro, in un sistema che interpreta la parete doccia come uno spazio libero di immediato accesso. La linea "in&out" si completa con il corner angolare in alluminio brillante, che permette installazioni ad angolo, con il braccio di supporto a "T" per formati doccia generosi e con la paretina mobile girevole da 6 mm, con sistema di sollevamento per agevolare rotazione e apertura, per ingrandire ed estendere la spazio doccia. Crystal 2.1 si completa anche con la nuova porta battente, per chi vuole coniugare il minimalismo di una parete walk-in ad un concetto di spazio doccia chiuso. La porta battente è completa di guarnizione magnetica angolare, guarnizione sottoporta e profilo sottoporta salvagoccia. Per tutte le composizioni i profili e i relativi cristalli sono reversibili e regolabili nel particolare di ancoraggio a muro di 2 cm; per questo motivo la serie risulta adatta anche ad installazioni a filo pavimento. L'altezza di riferimento è di 200 cm. E' fornito di serie con trattamento anticalcare Luxury cleaning incluso, è declinato in differenti misure e la soluzione walk-in disponibile a richiesta "su misura".

Profilo a muro.
Wall profile.

Supporto cristallo in acciaio inox.
Stainless steel glass arm.

Aqua Rock

Natura e tecnologia si incontrano. La resina, unita a miscele minerali,

garantisce piatti doccia ad elevate prestazioni tecniche,

ideali sia per l'utilizzo domestico che per quello pubblico.

I piatti doccia Weiss-Stern sono stati progettati per rendere il bagno uno spazio piacevole e funzionale,

adatto a tutte le esigenze e con soluzioni per ogni necessità.

MADE IN ITALY

MATERIALI
MATERIALS

Thor ed Ego sono soluzioni d'arredo dove il gioco di colori è protagonista, per questo i materiali con cui vengono proposti sono stati selezionati con attenzione. Il vetro temperato con spessore 8mm è disponibile nelle versioni Trasparente, Acidato, Fumè e Specchio a questo si abbina la struttura in alluminio satinato nei colori Acciaio, Nero e Rame oppure nella versione Brillantato. La produzione attenta fa sì che la colorazione sia uniforme per tutti i dettagli in metallo, per un effetto pieno e totale. Sia i vetri che gli elementi in alluminio sono made in Italy.

Thor and Ego are furnishing solutions where the play of colors is the protagonist, which is why the materials with which they are proposed have been carefully selected. The 8mm thick tempered glass is available in the Transparent, Etched, Smoked and Mirror versions, combined with the satin aluminum structure in the colors Steel, Black and Copper or in the Polished version. The careful production ensures that the coloring is uniform for all the metal details, for a full and total effect. Both the glass and the aluminum elements are made in Italy.
